New Stonewashed Linen Designs in Tea Towels and Napkins

Exciting new collection of exclusive Mierco designs. Printed on linen, then stonewashed — so soft to the touch, eco-friendly, and ready to use. Made in Lithuania.

See the Tea Towel catalog on page 3.

Stone-washed linen is a premium choice for high-quality, eco-friendly and sustainable home textiles. Immediate softness: the mechanical abrasion from stones or abrasives breaks down the stiffness of the fibers, providing a soft relaxed feel and slightly faded aesthetic — without starch, sizing or chemical softeners. No “break-in” washes. Linen becomes more absorbent and less prone to wrinkles with every subsequent wash. And 100% pure linen is the best for lint-free drying of your crystal and glassware.

Featuring William Morris Designs

Tea Towels (Page 2) and Napkins (Below)

William Morris (1834 - 1896) was an artist, craftsman, poet, scholar and a revolutionary thinker.

Today, he may be best known for his wallpaper and textile patterns, but his work transformed Victorian England’s view on craftsmanship, design and fashion — in textiles, furniture and interior design and production.
